

CHILDREN'S EDITION

WHERE WONDER BEGINS — NURTURING EMOTIONAL INTELLIGENCE, CREATIVITY, AND CONFIDENCE

The Children's Edition is an early learning experience that helps children explore their imagination, emotions, and creativity in ways that build confidence and self-understanding. It lays the foundation for emotional intelligence, storytelling, and authentic self-expression through play and curiosity.

WHO IT'S FOR

Children ages 4–12 — the explorers, dreamers, and young creators learning to understand their feelings, imagination, and connection to the world.

WHAT IT DOES

It teaches children—the creators of their own life story—how to imagine, express, and create from within. It helps them stay connected to their authentic self and that pure, natural expression of who they are. The program supports emotional growth, self-awareness, and the ability to connect with nature and their innate genius, as well as to form genuine, compassionate relationships with others.

WHAT IT INCLUDES

- The Wonder Tree: An innovative vision-boarding and manifestation system that helps children visualize dreams and goals through creative play.
- I Am Children Affirmation Deck: Daily affirmations that nurture confidence, gratitude, and self-worth.
- Seasonal Journals (Spring, Summer, Autumn, Winter): Narrative-based journals that guide learning through nature's rhythms and emotional seasons.
